The screenshot shows a web interface titled "Design Your Linen Wrap". It has two main sections: "Select Your Linen Color" and "Select Your Foil Stamp". Under "Select Your Linen Color", there are six circular color swatches: light gray, black, green, dark blue, red, and tan. The first swatch (light gray) is selected with a blue outline. Under "Select Your Foil Stamp", there are three circular color swatches: gold, black, and white. The first swatch (gold) is selected with a blue outline. Below these sections are two text input fields. The first is labeled "FOIL STAMP BOOK TITLE (SPINE)" with a character count "0 / 42". The second is labeled "FOIL STAMP BOOK AUTHOR (SPINE)" with a character count "0 / 42".
